Personal Projects

FLOWER ORDERING APP HIGH FIDELITY PROTOTYPE

- In this project i have work as a designer in this project i have created wireframes , low fidelity and high fidelity complete prototype. Even i have done research based on feedbacks which i received on my project and i improved in my design.

ONLINE BLOOD BANK MANAGAEMENT SYSTEM

- Latest technology and information system plays a vital role in blood bank system and its services, as its quality improves. The system is beneficial for both requester and donor too. Due to this System, the bridge between donor and the requester is reduced and their Communication improves

ACHIEVEMENTS AND HOBBIES

I'm state level Football player from my school. Also I'm an extra curricular active student participated in almost all sporting & cultural events and won many appreciations and prizes. My strength is my passionate behavior and punctuality towards any task and my hobbies are playing football and bike riding.
