BRIEF SUMMARY

I am a highly-motivated, professional, conscientious and committed team worker who understands the importance of carrying out my duties to a very high standard.

I am dedicated to continuous development and regardless of the situation I am in, I will always seek to learn and improve by taking advice from others. I can be trusted to provide exceptional customer service, both face-to-face and via the telephone, and I will represent your company in a positive manner at all times.

I will be a loyal and honest member of your company, and I will always support my work colleagues when needed. Being an excellent team worker, I am able to use an innovative approach to solving problems when required, and I will always take great pride in fulfilling my responsibilities to a very high standard.

SEMINARS / TRAININGS / WORKSHOPS

BACKPROPAGATION IN NEURAL NETWORK Institute Name: Birla Institute of Technology, Mesra

15 Sep, 2022 - 15 Oct, 2022

Key Skills: Neural Networks

Backpropagation is the essence of neural network training. It is the method of fine-tuning the weights of a neural network based on the error rate obtained in the previous epoch. Proper tuning of the weights allows you to reduce error rates and make the model reliable by increasing its generalization.
