SKILLS

CORE COMPETENCIES

- Data Structure & Algorithms
- Competitive Coding
- C++
- Java
- HTML & CSS
- JavaScript
- OOPs Concept
- DBMS(Sql)
- MongoDB
- Unity 3d
- Augmented Reality

Frameworks:

- Google ARCore
- Vuforia Engine

Language:

- English
- Bengali
- Hindi

ACADEMIC PROJECTS

• SORTING VISUALIZATION | JAN 2022 - APRIL 2022

[in Python using Tkinter Library]

- Visualizing different Sorting Algorithms in Python using Tkinter Library.
- Using this software 2d colorful visualization of different sorting algorithms inside working can be seen and understand very clearly.
- Github Link:// [sort-vis](#)

• AUGMENTED REALITY PORTAL ZOO | OCT 2021 - DEC 2021

[using Unity 3d and Google ARCore]

- Using Augmented Reality enter into a Portal to a contrasting world of Animal Zoo.AR Zoo is a stunning interactive experience that showcases animals before one's very eyes.
- This product uses augmented reality technology to show exotic animals interacting with guests on a mirrored screen.Guests can play, run, and jump with tigers, penguins, bears, etc.
- Github Link:// [ARzoo-portal](#)

• MEASURING TAPE(RULAR) | FEB 2021 - MAR 2021

[in Augmented Reality using Unity 3d and Vuforia Engine]

- With the help of two target images we can measure any 3d objects in AR .
- After installing the application, download and printout(color) the target image.
- Put the target image across the object to measure its length, breadth and height along the x,y, z axis respectively.
- Github Link:// [RulAR](#)

INTERNSHIP

- **Kalvium** Tech Mentor Cum Frontend Dev.
Used to guide students with DSA problems and frontend projects.
August 2023 - October 2023
- **Wisdlabs** PHP Full-Stack Developer Intern .
Used to create customized Plugins in Wordpress.
January 2023 - July 2023
Certificate:// [Wisdlabs](#)
- **PacketPrep** Teaching Assistant and Java Content Developer.
Used to take live interactive coding session and helped company with different DSA and CP Question on there Website.
May 2021 - August 2021
Certificate:// [packet-prep](#)

ACHIEVEMENT

- Around 15 Certification Courses and Specialization on Coursera,Udemy and NPTEL. || Drive Link:// [Certificates-pdf](#)
- **CodeChef SnackDown** (top 1000 from India): Drive Link:// [Certificates-pdf](#)
- National Rank - **8379** in **CodeKaze** organized by Coding Ninjas
Drive Link:// [result](#)
- Organized a **3 days Workshop** on Virtual Reality App Development along with a competition.
- Organization in TechFest as a head student Coordinator in a Coding Event of 80+ participants.
