📍 Vapi,Gujarat

📅 2000/08/07

Profile

"As a recent graduate with a degree in BCA and a passion for software development, I am eager to kickstart my career as a Software Developer. Through hands-on projects and coursework, I have gained proficiency in key programming languages such as [Javascript,Python,C and many more], as well as a solid understanding of software development methodologies.

I bring a strong foundation in problem-solving, algorithmic thinking, and a keen eye for detail. My academic projects, including [Hotel Management Site], showcase my ability to apply theoretical knowledge to practical scenarios. I am adept at collaborating in a team environment, open to learning new technologies, and committed to delivering high-quality code.

Additionally, I possess excellent communication skills,allowing me to effectively translate technical concepts to non-technical stakeholders. My goal is to contribute to innovative projects, continuously enhance my skills, and grow as a software development professional in a dynamic and collaborative work environment."

Professional Experience

2023/11 – present
Umbergaon, INDIA
