CAREER OBJECTIVE

- Ambitious Software Developer versed in following established procedures and working under little or no supervision . Offering technical expertise in programming analysis, application analysis and design. Excellent team player with in- depth knowledge of development tools and languages.

EXPERIENCE

Java Full Stack Developer(Internship)

A2Z INFOTECH

Feb 2022 – Aug 2022

Ahmednagar,Maharashtra

Advance Diploma In Java Technology(Training)

Profound Edutech

August 2023

VimanNagar,Pune

- In that training the technologies I Learned Java,JavaScript, SQL,C,C++, JDBC, Spring Boot, Hibernate,HTML,CSS,
- Proficient in Java, and Golang with a track record of developing robust and efficient code. Experienced in C/C++ and well-versed in the principles of object-oriented programming. Able to design and implement scalable solutions that meet performance requirements
- Implemented responsive front-end designs using HTML,CSS,and JavaScript frameworks to enhance user experience and ensure cross-browser compatibility.
- Extensive experience in leveraging Java Collections Framework for efficient data manipulation, storage, and retrieval, enhancing overall application performance
- Applied Object- Oriented concepts Data Structures in Java
- Utilized proficiency in Java.Proficient in SQL,specializing in MYSQL database management.

PERSONAL PROJECT

- Smart Irrigation System Based On Capacitive Measurement. "Designed and implemented a cutting-edge Smart Irrigation System based on capacitive measurement technology. Leveraged expertise in sensor calibration and data analysis to optimize water usage and crop yield. Achieved significant resource conservation by integrating real-time weather data for precise irrigation scheduling. Resulted in a X% increase in crop yield and a Y% reduction in water consumption, contributing to sustainable farming practices and environmental conservation."
- Create a Dynamic Weather App Using HTML5,CSS3,JS,JAVA,JSP,Servlets ."Developed a Weather App using JSP, Servlets, HTML, CSS, and JavaScript. Designed a user-friendly interface for real-time weather updates, showcasing expertise in full-stack web development and API integration."

CERTIFICATION

- Certified by A2Z Infotech for Full Stack Java Development Course
- Advance Diploma In Java FullStack Certification
