**Hello sir/Ma'am**

I am interested in applying for UI/UX Graphics Designer position at your firm as posted on an online platform. I have enclosed my resume along with this cover latter for your consideration.

I have been involved in various projects in UI/UX designing for web designs and mobile applications for the past five years. As you will ascertain from my resume, I have developed a wide range of forward-thinking user interface websites, which have all improved user experience and this has i added my proficient knowledge in the process and responsibilities of this positions. I have worked on nationwide and international social media marketing, advertising. Products lunch and image campaigns for global brands and companies.

With my diverse and successful background in UI/UX and and graphics design,I am uniquely suited to make a big difference to the digital face of your organization, I look forward to our conversation.

**Yours sincerely,  
Vivek Maheta**
