## EXPERIENCE

### iOS Developer - Fusion Engineering Tech

01/2023 – 12/2023

Full Time - 1 Year

Pune, India

- As an iOS developer within a collaborative team of 3-4 senior professionals, I played a pivotal role in enhancing app functionalities through individual task contributions and effective bug resolution.
- Designed and implemented a custom UISheetPresentation Controller, drawing inspiration from its use in the Apple Maps app
- Leveraged extensive expertise in working with UIScrollView, including both CollectionViews and TableViews
- Skills : **Swift, UIKit and its Frameworks(Cocoa Touch, Core Animation, Core Location, Mapkit), Xcode, JSON API call, AutoLayout**

### Student Mentor - ACCIOJOB

05 2023 – Present

Part Time

Remote

- Assigned tasks as a **Student Mentor** and will be given responsibility to solve their **Conceptual and Coding** doubts via **chat** or **video** support.
- Java, Data Structures and Algorithms, Aptitude**

## PROJECTS

### Visits Journal

06/2023 - 09/2023

- Visits Journal is a new journal app that lets you write about your day along with the places you've been.
- The custom UISheetPresentation controller that I made is used in this app.
- [AppStore Link](#)

### AppStore JSON APIs

07/2023 - 07/2023

- Built an App store iphone app using Swift and UIKit Programatically.
- Used JSON Api from itunes to fetch the data like images,description, reviews etc.
- <https://github.com/ajay-s-07/AppStore-Clone>

### Ultimate Collection View

08/2023- 08/2023

- An iOS app mainly consist of Collection view built using Swift, UIKit (Programmatic) on Xcode
- Fetches JSON data from Unsplash API and implements many Collection view features like Dynamic cell size, Deleting cell, Gestures and Animations, Diffable data source etc.
- <https://github.com/ajay-s-07/Ultimate-Collection-View-iOS>

## TECHNICAL SKILLS

**Languages:** Java, JavaScript, Swift

**Developer Tools:** Visual Studio Code, Xcode IDE, Git and Github, Apache NetBeans IDE

**Technologies/Skills:** Data Structures and Algorithms, HTML, CSS, Bootstrap, UIKit, Objective C, iOS development, React.js, SQL, MySQL, Java Swing,

## EDUCATION

Yashwantrao Chavan Maharashtra Open University

09-2020 – 06-2023

Bachelor of Arts - (BA)

Mantha, India

## CERTIFICATIONS

- AccioJob Full Stack Web Development Course 06-2022 – 05-2023
- LeetCode Profile
