## EDUCATION

### B.Tech (CSE)

Suresh Gyan Vihar University, Jaipur

08/2019 - 06/2023

7.7

## PERSONAL PROJECTS

### PRODUCT MANAGEMENT APPLICATION (Java & Spring MVC) (06/2023)

- I designed and developed a robust Product Management Application using Java with Spring Boot MVC.
- This project focused on streamlining product management tasks, including categorizing products by name, type, origin and warranty details.
- Constructed a user-friendly web interface for effortless product management.
- Integrated a relational database to efficiently store and retrieve product information.

### APNI PHARMACY (02/2023 - 03/2023)

- Developed a comprehensive e-commerce website, "Apni Pharmacy," using HTML, JavaScript, CSS, and Bootstrap
- Implemented CRUD operations to efficiently manage the medicine inventory, enabling administrators to add, update, and remove medicines as needed.
- Crafted an intuitive and visually appealing user interface with HTML, CSS, and Bootstrap, ensuring a seamless and responsive design across various devices.
- Implemented dynamic elements to provide real-time updates in the cart, giving users a clear summary of their selected medicines as they navigate through the website.
- Integrated a robust cart system, allowing users to easily select and manage their medicine orders, enhancing the overall shopping experience.

## WORK EXPERIENCE

### Java Intern

CodePlanet Technologies 

06/2022 - 11/2022

Jaipur, Rajasthan

Achievements/Tasks

- Contributed to the development of a web-based e-commerce platform using Java, Spring MVC and Hibernate.
- Implemented new features and resolved bugs, resulting in an enhanced user experience and increased customer satisfaction.
- Collaborated with QA team to perform unit testing and resolve identified issues.
