Job Profile

I have been working for 18 years in body shop department where car bodies are made with the help of different welding processes like spot welding, projection, welding, seam welding ,mig welding, bronze soldering. My role is to do all the above welding processes & ensure the quality of product as per the quality standards. I was handling my team & its co-ordinate works like suggestion, Kaizen & Ergonomics. I am engaged with preparation of documents like OD sheet, JES, SOS, weld audit sheet quality feedback & feed forward sheet. I was reporting to my area leader & manager actively working on ISO, EMS, QMS and GM-GMS covers system, GMS goal, GMS Principles, 7Diamond, 7Types of waste and Andon system.
