ABOUT ME

A Self-taught and highly passionate React Native developer with hands-on experience in designing, developing and implementing pixel perfect and fully responsive applications using a range of technologies and programming language. I'm looking for a career where I can utilize my skills and knowledge to solve some real world problems while making a significant contribution to the success of the company and continue to feed my appetite for knowledge and share that knowledge with those around me (and learn from them in the process)

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, C/C++, Java, Python

Frontend: ReactNative, ReactJS, Redux, Expo, HTML, CSS, Material-UI, WordPress

Backend: NodeJS, ExpressJS, Django, Flask, REST APIs

Database: Firebase, SQLite, MongoDB, MySQL, PostgreSQL, OracleSQL

Developer Tools: Visual Studio Code, Xcode, Android Studio, Web Socket, Postman, Chrome Developer Tools, Git, Bitbucket, NPM, Yarn

PROJECTS

SportGuruji | *React Native, Redux*

App Store/Play Store

- Developed a Cricket Live Scoring App from scratch for android and iOS using react native.
- User can see live cricket score and listen ball by ball commentary with detailed score card and match detail.
- Implemented Twitter Feed API for highlighted match videos and comments from cricketers.

OldUmpire | *React Native, Redux*

Play Store

- Developed the android application from scratch using React Native.
- Developed Pixel-Perfect fully responsive user-interface from mock-up designs and optimized code to improve application performance.

Manheim Express | *React Native*

- Manheim Express application is a Business-to-Business model which will connect the users to the vendor directly
- Team of 5 Members Building the Member Application.

MI Store Clone | *React, React Hooks, Redux*

Link

- In this project I have used ReactJS, Redux and Redux Hooks to accomplish this clone.
- I have deployed this project on Netlify.

EXPERIENCE

Mahindra First Choice Wheels LTD.

July 2022 – Feb 2023

React Native Developer

Bangalore, Karnataka

- Worked with React Native on developing Manheim Express Application.
- Developed search results screen by using the FlatList with pagination and pull to refresh feature
- Developed vehicle details screen where user can jump to a specific section in Flatlist.
- Created reusable UI components using React native with typescript.
- Worked on StyleSheet and Organized UI Code in Project.
- Collaborate with other developers to implement new features for the mobile app.

EDUCATION

Jamia Millia Islamia University (New Delhi)

CGPA, 6.7/10

B.tech in Computer Science

Sep 2021

BRDI Uttam Nagar

CGPA, 9/10

Intermediate

State Board
