Experience

AttackBox / Software Developer (Intern)

June 2024 - July 2024

LMS Application

The platform offers a range of features including course management, content delivery, Secure Course Content Introduction Video, and an Admin Dashboard within a user-friendly interface. Frontend: React Native, React Js, JavaScript, TailwindCSS.

Personal

Projects

GearGGO

Nov 2023 - Mar 2024

Car Rental & Taxi Booking Web Application is developed using React Js, Node Js, Typescript, and Tailwind CSS.

I have used Clerk Library for Secure User Login and Authentication, Hygraph is used as a database, and for the online payment gateway I have used Stripe.

GearGGO provides taxi booking and car rental services to users.

TrackMe

April 2024 - June 2024

TrackMe Mobile Application is developed using React Native and Tailwind CSS.

I have used Google Maps to display the map and API to track the Bus.

TrackMe Provides GSRTC Bus Tracking Services to the users. Users can track the bus using the bus number.

TrackMe Provides live locations of the GSRTC bus.

Education

SMT. K.S.K. BCA College / B.C.A.

July 2021 - May 2024

Web Application Development
