Summary

- Experienced Front End Developer proficient in React and React Native, adept at crafting responsive, user-friendly interfaces. Skilled in leveraging these technologies to create dynamic web and mobile applications.

Technical Skills

- Frontend - JavaScript, React Native, React Js, Redux
- Backend - Php, Codeigniter, Node.js, Express.js
- Database - mySql, MongoDB

Objective

Seeking a challenging & responsible position which will Provide career growth opportunity to me and to make Significant contribution to my employer.

Experience

- Haps Pro India Pvt Ltd** 06/2023 - 11/2023
Software Developer
 - Achieved 100% contribution to the development and maintenance of the "Arrange Free" mobile app using React Native, ensuring an optimal user experience tailored for an e-commerce furniture platform.
 - Led and managed the entire app lifecycle, implementing Redux/React Context for seamless state management and integrating secure RESTful APIs, prominently with CodeIgniter.
 - Spearheaded the design and execution of the application, showcasing expertise in React Native, React.js, and CodeIgniter's RESTful API, resulting in a bug-free, cross-platform app prioritizing intuitive UI/UX and performance optimization.
- Flymingo Tech** 06/2022 - 05/2023
Software Engineer
 - Spearheaded the development of an Educational ERP mobile app using React Native for iOS and Android. Introduced video calling functionality to enhance user engagement. Integrated robust backend APIs using CodeIgniter 4 PHP framework, ensuring seamless data flow.
 - Mentored junior developers, conducted code reviews, and contributed to sprint planning for stability and optimization. Stayed abreast of React Native and CodeIgniter trends, driving continuous enhancements.
 - Contributed to Azamdeal's web and app development using React, enhancing user experiences. Involved in the development of Jalanta Stays entirely in React.js, contributing to visually appealing and functional interfaces.
 - Optimized app performance through efficient API caching strategies, significantly reducing load times and improving the overall user experience across various network conditions.

Education

- Shavitribai phule pune University** 2023
MCA
7.77
- Shavitribai phule pune University** 2020
BBA(C.A)
69
- Maharashtra State Board of Secondary Education** 2016
12th
53
- Maharashtra State Board of Secondary Education** 2014
10th

Skills

- React Native
- JavaScript
- PHP
- CSS
- React.js
- MySQL
- Codeigniter
- Laravel
- HTML
- Git, GitHub

Interests

- Playing Cricket
- Watching Cricket
- Long drive

Languages

- English
- Hindi
- Marathi
- Kannada

Ambition

- My ambition is to continuously grow as a tech-driven innovator in the realm of mobile and web application development. I aspire to leverage cutting-edge technologies like React Native, React.js, and other modern frameworks to craft user-centric solutions that positively impact industries and communities

Strength

- **Technical Proficiency:** Profound expertise in React Native, React.js, and CodeIgniter, adeptly crafting cross-platform applications and robust backend systems. Skilled in implementing innovative features and ensuring seamless user experiences.
Problem-Solving Skills: Strong analytical abilities to identify and address complex technical challenges efficiently, ensuring smooth project progress and optimal functionality.
Adaptability and Continuous Learning: Proactive in staying updated with the latest industry trends and technologies in React Native, React.js, and CodeIgniter. Quick to adapt to new methodologies, enhancing skill sets to deliver cutting-edge solutions.
Innovative Mindset: Adept at conceptualizing and implementing innovative solutions, playing a significant role in modernizing sectors such as education and e-commerce through technology-driven approaches.
