About Me

Hello! I'm a passionate and motivated individual embarking on my journey as a React.js developer. As a recent graduate, I am eager to apply my knowledge and skills to create dynamic and user-friendly web applications.

My Project

-> usePopcorn movie website

The UsePopcorn Movie Website is a dynamic and user-friendly web application designed to provide movie enthusiasts with a seamless experience for discovering, exploring, and staying up-to-date with their favorite films. Developed using React.js, this project showcases my proficiency in front-end web development, specifically highlighting my expertise in working with hooks, effects, and states.

-> Sushiman Website

The SushiMan Website is a visually appealing and informative web application designed to showcase the artistry and delectable offerings of SushiMan, a fictional sushi restaurant. Developed entirely using HTML, CSS, and JavaScript, this project serves as a testament to my front-end web development skills and my ability to create a stunning and engaging digital presence.
