EDUCATION

Vellore Institute of Technology, Vellore

2020 to 2024

BTECH, Electrical and Electronics Engineering

WORK EXPERIENCE

RedGates IT Solutions:

May 2023 to July 2023

Full Stack Web Development

- I worked on the ReplyMig project and developed APIs to filter products.
- Manage API testing work for tickets, packages, subscriptions, and prompts.
- Worked on login and signup functionalities and worked on testing the APIs.
- Worked on tickets reply by both admin and user and created client side functionalities.

PROJECTS

Ecommerce Proshopping Web Store:

(Link)

- Tech Stack: Node Js, MongoDB, React Js, Rest API, Express Js.
- About: This is a shopping web store where users can sign up buy products.
