Shubham Gupta

Frontend Developer

A passionate and results-driven web developer and a knowledge for creating engaging and user-friendly digital experiences. I blend creativity and technical expertise to craft seamless, responsive, and visually appealing websites. As a seasoned web developer, I've successfully delivered a range of front-end projects. I take pride in turning ideas into functional and aesthetically pleasing websites. My skills include proficiency in HTML, CSS, JavaScript, and a variety of frameworks and libraries, ensuring that every project I undertake meets the highest standards.

Experience

Jan 2024 - Present

Yantrik.ai

Web Development intern

I am developing a solid foundation in web development and working on projects involving both front-end and back-end development. And I am gaining valuable experience in a variety of technologies including Git, ReactJS, NodeJS, JavaScript, and HTML.

Nov 2023 - Present

Edygrad

Full-stack developer intern

Learning and contributing for Project based on Technologies like ReactJS, Redux, Html, CSS , Tailwind, NodeJS, MongoDB. As a result of this experience, I gained valuable knowledge about ReactJS development. It has been an honor to be given this wonderful opportunity.
