Projects

Text to Speech Converter

- Our new Web Application goes beyond the standard text-to-speech converters available today. With added advantages and enhanced features, our application provides users with a superior experience that is easy to use and highly effective.

Elite Connect

- Elite Connect is a two-player abstract strategy game played on a 7x6 grid. Players take turns dropping colored discs into columns, trying to form a line of four of their discs horizontally, vertically, or diagonally. It's a simple yet challenging game that promotes critical thinking and spatial reasoning. Here we can also use the AI as the opponent.

Academic achievements

- Achieved **second position** in hackathon hosted by Supraja Technologies.
