Objective

Motivated and goal-driven individual with a strong interest in front-end web development and management, actively pursuing a challenging position to utilize my technical skills, creativity, and leadership abilities. Dedicated to producing visually engaging and user-friendly websites, I am eager to contribute to a progressive team that prioritizes innovation and excellence. My goal is to not only excel in front-end development but also to take on leadership responsibilities, overseeing projects and fostering smooth collaboration between design and functionality to enhance the overall user experience.

Education

- 2020 - 2024 **BTech in CSE CYBER SECURITY**
Parul University, Vadodara, Gujarat
2020 - present, *CGPA 7.3*
- 2019 - 2020 **HSC**
Shivprakash memorail school , silvassa Dnh
2018-2020, *68.8%*

Professional Experience

Frontend web development at Febixa Digital — Jan 2023 - June 2023

- Collaborated with the development team to contribute to the creation and enhancement of responsive and visually appealing website interfaces.
- Implemented modern front-end technologies, including HTML5, CSS3, and JavaScript, to ensure optimal user experience and functionality.
- Conducted thorough testing to identify and address cross-browser compatibility issues, ensuring seamless performance across various platforms

Marketing and Branding executive at player — Feb 2022 - Aug 2022

- Contributed to the development and implementation of comprehensive brand strategies aligned with organizational goals.
- Assisted in defining brand positioning, value propositions, and key messaging to enhance brand recognition.

SOC Intern at Chaitanya Cyber strix Technologies Private Limited — 12 Nov 2023 - Present

Currently engaging in SIEM tools for research purpose.

Projects

- **Network Alarm Monitoring system**

Passionate about securing networks! Skilled in creating systems that constantly watch for any strange or harmful activity. I specialize in Intrusion Detection Systems, ensuring quick identification of potential threats and keeping computer and network security strong. Ready to bring these skills to enhance your team's safety measures

- **Fashion website**

Innovative fashion enthusiast and web developer, I crafted and launched a sleek and user-centric fashion website, combining my technical prowess and creative vision. Proficient in HTML, CSS, and JavaScript, I am dedicated to elevating online fashion experiences through seamless design and intuitive functionality
