

Resume

Candidate Name : S.MOHAMMED TAJ
Mobile No. : +91 9948897414
Email ID : mohammedtaj36912@gmail.com

ACADEMICS

- **Graduation Details** : **G.Pullaiah College of Engineering and Technology(2019-2023)**
CGPA:8.32
Bachelor Of Technology (Electronics and communication Engineering)
- **Senior secondary** : **Venkateshwara Junior Collage**
CGPA:9.94
- **Higher Secondary** : **Sanjoe English Medium High School**
CGPA:9.7

EXPERIENCE

- **Movate Technology**

Movate (CSS CORP) as Palo Alto Tac Support Engineer since 2 August 2023

Responsibilities:

- Provided expert-level technical support to customers, resolving issues related to Palo Alto Networks products and solutions.
- Documented and communicated solutions effectively to customers, ensuring a clear understanding of resolution steps.
- Diagnosed and resolved issues related to Palo Alto firewalls, including configuration errors, policy misconfigurations, and traffic flow problems.
- Conducted in-depth packet analysis using tools such as Wireshark to identify and address network security issues.

- Collaborated with network and security teams to design and implement Palo Alto Networks solutions aligned with security best practices.
- Developed and executed test plans to validate the functionality and security of Palo Alto Networks implementations.
- Provided on-call support to address critical issues and ensure the continuous operation of Palo Alto Networks devices.
- Conducted knowledge transfer sessions to share expertise with colleagues and contributed to the development of internal resources.
- Troubleshoot and resolved issues related to authentication, access control, and group policies.
- Conducted regular audits to ensure compliance with security standards and best practices.
- Diagnosed and resolved issues related to phase 1 and phase 2 negotiations, key management, and encryption algorithms.

Skills:

- Palo Alto Networks Firewalls
- VPN Technologies (IPsec & Global Protect)
- Intrusion Detection and Prevention Systems
- Network Security Protocols (SSL/TLS, IPsec, etc.)
- Security Information and Event Management (SIEM)
- Strong Analytical and Problem-Solving Skills

PROJECTS

PROJECT NAME : Face Detection using python

Description

The project deals with face recognition using openCV python, images which converted to numpy arrays which is easiest way to do face detection, it detects the faces with given input data which we stored and detects whether the identity matches or not, The implemented fully automated face detection and recognition system (with an eye detection system) could be used for simple surveillance applications such as ATM user security, while the implemented manual face detection and automated recognition system is ideal of mugshot matching.

PROJECT NAME : Tracing Latitude And Longitude Position Of ISS

Description

This Project deals with tracing the latitude and longitude position of ISS satellite. This project is a API which reads the information of ISS which is in JSON format which will be provided by the space station. This project reads the JSON format and extract the latitude and longitude position of ISS. By using this project we can trace the location of ISS

PROJECT NAME : Automatic Car Wiper Using Rain Sensor

Description

This project is designed to build a car wiper that automatically detects the rainfall intensity and regulates the frequency of wiper operation. It is built, using Arduino UNO board. A rain sensing module is used for measuring the intensity of rainfall. And a servo motor is used for controlling the wiper movements. An serial monitor of the Arduino controller for displaying the rainfall intensity. By measuring the amount of rainfall, controller will adjust the speed of servo motor . Servo is controlled by generating PWM signal at its signal line.

TECHNICAL SKILL

- Python
- Automation using python
- Java
- Networking
- Firewall panorama cofiguration
- Excel

PERSONAL DETAILS

- **Date of Birth** : 22-01-2001
- **Father's Name** : S.Mahaboob Dowla
- **Current Address** : H No: 1-305-1, Dhone, U.kotapalli, Kurnool, 518222.
- **Hobbies** : Reading Technology Blogs, Chess and Travelling.
- **Nationality** : Indian
- **Languages Known** : English,Telugu and Hindi.

DECLARATION

I hereby declare that all the above-mentioned information is true and correct to the best of my knowledge.

Place : Kurnool

Signature
