INTERNSHIP

Apprenticeship trainee Fujitsu Consulting India

02/2022 - 07/2023

Bengaluru

Achievements/Tasks

- As an Application development and Multi cloud services role I have been trained on multiple technologies.
- Had been participated in User Stories, ensuring efficient and effective solutions.
- Ability to communicate complex technical concepts to non-technical stakeholders, enabling effective decision-making and project management.
- Gained experience in front-end development and Database technologies, including MS SQL.

PROJECTS

1. Banking Application

- Created a Bank Account class encapsulating account information, including account number, account holder name, and balance.
- Implemented **CRUD operations** to handle account creation, display, updating, and deletion.
- Utilized Java Scanner for user input, ensuring a dynamic and responsive user experience.
- **Technologies Used:** Java, JDBC, SQL, IntelliJ IDEA

2. WEATHER WEB APP

- Developed a responsive Weather Web App using React Js, integrating with **OpenWeatherMap API** for real-time weather data.
- Implemented key features, including dynamic data rendering, location search, and multi-day forecasts, optimizing for performance.
- Technologies Used : **HTML5, CSS3, React JS, Bootstrap5, Visual Studio Code**

3. To-Do List Application

Description:

- Designed and implemented an interactive To-Do List application using **HTML, CSS, and JavaScript** to enhance task management and productivity.

Key Achievements:

- Developed a user-friendly interface allowing users to add, edit, and delete tasks seamlessly.
- Utilized JavaScript for dynamic content updates, ensuring a smooth and responsive user experience.
- Incorporated modern design principles and responsiveness, enhancing the application's usability across various devices.

EDUCATION

Bachelor's in Computer Science

Orissa Engineering College, Biju Patnaik
University of Technology

2017 - 2021

8.21 CGPA

TECHNICAL SKILLS

HTML

CSS

Bootstrap

JavaScript

React Js

JAVA

OOPs

JDBC

Maven

SQL

MS SQL Server

Data Structures and Algorithms

Software Development Life Cycle (SDLC)

ACHIEVEMENTS

- Conducted analysis and maintenance of existing program, ensuring optimal performance and reliability.
- "Proactively identified and fixed programming bugs, improving application functionality.."
- During the DELTA WING-FAST CAT AREAL workshop, leading team members towards achieving project goals.

TRAINING AND CERTIFICATIONS

- SQL Essential Training [🔗](#)
- Full Stack Certification Course [🔗](#)
- Microsoft Azure Fundamentals certification (06/2022 - 06/2022) [🔗](#)
- Scrum Alliance Certified Scrum Master® (CSM®) (06/2023) [🔗](#)

SOFT SKILLS

- Self-motivated and eager to learn new things.
- Ability to work as an individual as well as collaboratively with team.
- Proficient in Effective Problem Solving and Relentless Allies.
