- HTML
- CSS
- JavaScript
- React.js
- Node.js
- Express.js
- MySQL

### CERTIFICATES

- React.js
- Node.js

### COURSES

**MERN Stack, 3Ri Technologies**

2023 – present | Pune, India

### PROFILE

As a fresher in computer engineering, I bring a solid foundation in programming languages, algorithms, and problem-solving skills. My academic background has equipped me with knowledge in areas such as software development, data structures, and computer architecture. Eager to apply theoretical knowledge in a practical setting, I am adaptable, quick to learn, and possess a strong commitment to producing high-quality work. I am seeking opportunities to contribute to innovative projects, collaborate with experienced professionals, and further develop my skills in the dynamic field of computer engineering.

### PROFESSIONAL EXPERIENCE

#### Software Development, Internship

01/2022 – 03/2022 | Pune, India

As a software intern, I am enthusiastic about gaining hands-on experience in the dynamic field of software development.

### PROJECTS

#### FlipKard Clone, Software Intern

2023 – present

A Flipkart clone is a website or application designed to replicate the key features and functionalities of the popular Indian e-commerce platform, Flipkart. It typically includes a user-friendly interface for online shopping, product browsing, and purchasing. Key features often include a secure login system, product categories, search functionality, shopping cart, payment gateways, order tracking, and user reviews. The clone aims to provide a similar online shopping experience to users while allowing businesses to set up their e-commerce platform based on the Flipkart model.

### EDUCATION

**B.E Computer Engineering.,**

**Dr. D. Y. Patil Institute of Technology (8.9CGPA)**

2019 – 2023 | Pune, India

**Kai. Sau. G.F. Pati Jr. College, HSC - 68%**
