CAREER OBJECTIVE

I am Shivam Saxena who aims to be able to find an exciting and challenging entry level position in the Information and Technology Industry alongside a company who will continuously motivate and drive me to do my best and improve on my skills and abilities in order to be able to assist the company in achieving its company mission and goals.

PROJECT DETAILS

FARMING PORTAL (JUNE 2022)

WEB TECHNOLOGY

- The Farmers can login/signup and get various information regarding their crops and increase their production.
- The work proposes to help farmers by providing them the required awareness about farming techniques and also help them to predict which is the most suitable crop for them according to their area.
- An Internet forum, or message board, where farmers can hold conversation in the form of posted messages.
- **GitHub Link:** https://github.com/shivamsaxena99/farming_portal

ONLINE NOTES PLATFORM (JUNE 2020)

WEB TECHNOLOGY

- Online Notes Platform allows it's users to securely register and log in to their individual accounts and create, read, update, delete notes according to their needs.
- It is a very useful notes management system for Colleges, Schools and other Institutes to manage and share their notes in an secure, efficient and effective manner.
