TRAINING:

Full Stack Java Development Course

I completed an 6-month web development training at NARESH I Technologies, Hyderabad. I learned core and advanced Java, basics of HTML, CSS, JavaScript, and Oracle Database (SQL). I learned how to work with Oracle Database and SQL, mastering the art of efficient data storage and retrieval. Ready to excel in web development with a diverse skill set.

PROJECTS

Project Name: Hotel Livya

Description:

Hotel Livya designed to automate various tasks and processes within a hotel. It serves for managing all tasks of hotel operations, including reservations, guest services, housekeeping, inventory management, billing and accounting.

To make this project more user-friendly I used HTML, CSS, JavaScript with Oracle at the database Management system & JDBC for database connectivity, I used servlet for session tracking, request Handling.
