## Employment History

### Software Engineer, Hiyaak Systems, Bengaluru

DECEMBER 2022 – PRESENT

#### Soulipie (React Native)

- Launched on Play Store, achieving 1000+ downloads within 3 months.
- Implemented Firebase for Authentication, Push Notifications, and Dynamic Links.
- Integrated Socket.IO for efficient chat; incorporated Zegocloud for seamless Video and Audio calls.

#### Hiddenly (React Native)

- Orchestrated a strategic shift from the paid Zegocloud to the cost-free WebRTC, achieving a notable cost reduction of 100% in video and audio call functionalities.
- Implemented Socket.IO for efficient real-time communication.
- Successfully integrated WebRTC, ensuring reliable and budget-friendly video and audio calling features.

#### QuickSenda (React Native)

- Developed a parcel delivery app.
- Implemented in-app navigation for delivery partners and parcel tracking using Google Maps APIs and Socket.IO.

#### ExamPrep (React Native)

- Contributed to the development of an exam preparation app.

#### Product Life Cycle (React Native)

- Collaborated on a service provider app for vendors and users.

#### ShePower (Flutter)

- Developed a women's empowerment app.
- Integrated Firebase features for authentication and SOS functionality.
- Implemented Socket.IO for efficient real-time chat.

#### Cozmo (Flutter)

- Contributed to the development of an event, game booking, and e-commerce app.

#### Bodisphere (React Native)

- Contributed to the development of an online yoga training app.
- Integrated React-Native-Video library for seamless video streaming.

### Senior Associate Quality Analysis , Byju's, Bengaluru

JANUARY 2021 – NOVEMBER 2022

- Conducted customer feedback calls on sales sessions and prepared comprehensive audit reports.
- Analyzed sales calls for escalations, providing valuable feedback to the sales team.
- Evaluated recorded customer sessions to enhance sales team performance.
- Managed escalations and collaborated with internal teams, including Sales, Order Management, and HRBP.

### **Stores Executive, Kewaunee Labway India Pvt Ltd, Bengaluru**

DECEMBER 2018 – JANUARY 2021

- Prepared daily GRN in ERP and managed daily issue slip entries.
- Maintained stock ledger and day-to-day stock reports for purchases and material issues.
- Maintained minimum stock levels for raw and consumable materials.
- Focused on safekeeping and quality control of stored materials.
