TwoWaits Technology, Noida

Nov 2021 - Dec 2021

I joined TwoWaits Technologies for an internship program in the capacity of a web development scholar intern. Learn HTML, CSS

PROJECTS

Netflix Clone - Show and Search Results

Created a static clone of the Netflix homepage User Interface using ReactJs, Html, and CSS. Also, added additional search functionality to the interface.

3D Animation

Designed and developed a website featuring 3D car animation using HTML, CSS, and JavaScript. The website allows users to customize their cars and view them in 3D.

Parallax Website

Created a parallax website on adventure sports such as biking, paragliding, and surfing. Incorporated information about each sport using HTML and CSS.
