Objective:

Dedicated and enthusiastic React-Native Developer with 1 year and 1 month of experience in building mobile applications. Seeking an opportunity to contribute my skills and knowledge to a dynamic team while continuing to learn and grow in the field.

Professional Experience:

React-Native Developer

Daynil Group Solutions Pvt Ltd

Dombivli (East)

25/10/2022 – 25/10/2023

Responsibilities:

- Developed cross-platform mobile applications using React-Native, ensuring optimal performance and responsiveness.
- Collaborated with UX/UI designers and backend developers to implement and maintain application features and enhancements.
- Utilized Redux for state management, ensuring data flow consistency and a seamless user experience.
- Integrated RESTful APIs and web services to fetch and display data, improving application functionality.
- Implemented third-party libraries and plugins to enhance app features and performance.
- Conducted debugging and testing to identify and resolve issues, improving overall app stability.
- Maintained code quality and ensured adherence to best practices through code reviews and continuous refactoring.
- Participated in agile development processes, attending daily stand-up meetings and sprint planning sessions.
- Contributed to app release management, version control, and deployment processes.
- Collaborated with QA teams to address and resolve reported issues and ensure high-quality deliverables.

Skills:

- React-Native
- JavaScript
- Redux
- Firebase
- API Integration
- Git and Version Control
- Debugging and Troubleshooting
- UI/UX Collaboration
- Third-Party Libraries
- Agile Development
- Mobile App Testing
