Project

B.E.Project

Project title: S.O.P(Society On Palm)

Description: Purpose of “Society On Palm” application to provide an effective mobile application to the members of society so that they can communicate with each other and get latest update of society events and circulars.

This application can store the data of various flat owners and their family members. This system can also maintain and calculate the society maintenance, online invitation of many functions of the owner's home, advance booking of communication hall, cultural funds, emergency funds and other charges.

Achievements

- Coordinator for technical & non-technical events at college.
- Participated in technical and non-technical Events at different fests.
