RILPA VADHADIYA

FLUTTER DEVELOPER

PROFILE

As a Junior Flutter + Mobile App Developer, I possess a diverse skill set and a genuine passion for creating exceptional mobile applications. With 1.5 year of hands-on experience in Flutter and 0.5 years in Android development, I have honed my expertise in crafting intuitive UI/UX designs that enhance user experiences. In addition to my proficiency in mobile app development, I have also demonstrated my versatility by working with backend technologies such as NodeJS and Python, enabling me to build robust and efficient backend functionalities.

EDUCATION

M.Sc. (CA & IT) | Department of Computer Science, Krantiguru Shyamji Krishna Verma Kachchh University (KSKVKU), Bhuj

Jan 2010 - Jan 2014

- GPA: 8.80.

EXPERIENCE

Flutter Developer | Numismatics Academy & worldOla, Gurgaon (Work from home)

May 2022 – August 2023

- My daily tasks revolve around constructing Flutter applications and seamlessly connecting them with Firebase and WooCommerce Rest API. This involves not just building native mobile apps and refining UI/UX design but also addressing application security. Additionally, I handle the essential process of updating and deploying these applications on the Play Store and App Store for a consistently optimized user experience.

PROJECTS

Talk Tube | Flutter, uiux, restAPI, python, langchain, figma

October 2023 – December 2023

- Built LLM powered application that can download the transcript of YouTube and make a summary of it. That will save users time.

SQLite

MongoDB

HTML & CSS

CERTIFICATES

- Machine Learning for All(Coursera)
- Responsive Web Design(Free Code Camp)
- Create Your First Chatbot with Rasa and Python(Coursera)
- Python Data Structures(Coursera)
- SQL for Data Science(Coursera)
- Introduction to Data Science in Python(Coursera)
- COVID19 Data Analysis Using Python(Coursera)
- Programming for Everybody (Getting Started with Python) (Coursera)

WorldOLA | Flutter, Firebase , uiux

May 2022 – August 2023

- The application is an educational game that delves into general knowledge topics such as flags, monuments, and currency, offering an enjoyable experience for players of all ages. It features informative videos for added knowledge and includes a drawing pad for sketching or note-taking, with the ability to save and share creations. Users can engage in tournaments and receive participation certificates as well.
