

GOPALA KRISHNA KIMIDI

SOFTWARE ENGINEER

✉ gopalakrishnakimidi@gmail.com 📞 +91 9346337339 📍 Hyderabad

CAREER OBJECTIVE

Adaptable Full Stack Java Developer with a keen eye for high availability and reliability in software solutions. Leveraging a robust foundation in Java/J2EE, Spring Boot, and database management to drive innovative and efficient application development.

PROFESSIONAL SUMMARY

- I have a good knowledge in designing and developing of Applications using **Java/J2EE**.
- Extensive knowledge and hands-on experience in **Full Stack Java development**.
- Proficient in **Java, Spring Boot, Oracle** and web application development.
- Good implementation knowledge on **RESTFUL** web Services.
- Experienced in working with databases, including **JDBC, Spring DATA JPA**
- Skilled in both **front-end (HTML, CSS, JavaScript)** and **back-end (Java, Spring Boot)** technologies.
- **Version Control:** Skilled in using **Git** for code version control.
- Familiar with server deployment using **Tomcat server**.
- Excellent interpersonal and analytical skills with proven abilities in resolving issues.
- **User Experience (UX) Design:** Dedicated to creating user-centric designs for improved usability.

EXPERIENCE

Java Trainee | TRUVIQ SYSTEMS | Oct 2023 – Dec 2023

- Actively participated as a Java Trainee, engaging in Full Stack Java development within TRUVIQ SYSTEMS.
- Led the design and implementation of RESTful web services, enhancing application functionality and user experience.
- Played a pivotal role in integrating Java applications with Oracle databases, ensuring seamless data storage and retrieval.
- Successfully resolved database connectivity issues, optimizing performance for efficient system functionality.

PROJECTS

Project Title: Employee Management System

- Technologies: React, Spring MVC, Spring Boot, MySQL
- Developed an efficient system with CRUD operations and advanced search functionalities.

Project title: Online Book Recommendation System

Description:

- developed an online book recommendation system using collaborative filtering and association techniques.
- Implemented personalized recommendations based on user preferences and similar User behavior.
- Utilized collaborative filtering algorithms for user-based and item-based recommendations

CERTIFICATION

Java Spring Boot Full Stack Developer Certification

Provider: Udemy | **Date:** Nov 2023

URL: [ude.my/UC-06e908c2-0db0-4fcb-b8ba-511714ce7be8](https://www.udemy.com/course/java-spring-boot-full-stack-developer-certification/)

TECHNICAL SKILLS

- **Programming Languages:** Java/J2EE, React, JavaScript, HTML, CSS
- **Frameworks:** Spring, Spring MVC, Spring Boot ,Spring DATA JPA
- **Databases:** Oracle, MySQL

EDUCATION

Master of Computer Application-MCA

Acharya Nagarjuna University *Dec 2021 - Jun 2023*

Percentage : - 80%

Bachelor of Science

Ambedkar university *Mar2017 - Jun 2020*

Percentage : 76%

Intermediate(mpc)

Gayathri junior college *Jun2015 - Apr 2017*
