## SKILLS

### PROFESSIONAL

React-Native

Android

CSS

Firebase

### LANGUAGE

Gujarati

Hindi

English

## Projects:

### 1. **Share My Ride**

Ride-sharing or transportation network application. This falls under the category of on-demand transportation service provided through mobile application. These apps allow users to request rides from nearby drivers, track the vehicle's location in real-time, pay for the ride through the app, and rate their experience afterward.

This application uses GPS technology to connect riders with drivers, providing a convenient and efficient way to book transportation services. They have revolutionized the way people hail taxis or rides, offering a seamless and user-friendly experience through mobile technology.

### 2. **Property Management System(PMS)**

Applications that involve vendors, owners, and users are often referred to as multi-sided or multi-stakeholder platforms.

A property selling and buying application is a digital platform designed to facilitate the purchase, sale, or rental of real estate properties. These applications act as an intermediary connecting sellers, buyers, landlords, and tenants in the real estate market. Users can browse through listings, search for properties based on specific criteria (such as location, price, size, etc.), and interact with property owners or agents.

### 3. **Buford Bait & Tackles**

<https://bufordbaitandtackle.com>

**Buford Bait & Tackle, LLC, based in Cordele, Georgia, is a well known wholesale distributor specializing in live bait and tackle. They have been providing services in the southeastern US for decades.**

Buford Bait And Tackle, LLC operates a fleet of modern equipment for on-time delivery. They set themselves apart with a stocked tackle trailer for on customer site shopping and stocking. This key advantage eliminates the need to rely on outside trucks and guarantees on-time delivery without waiting. They have earned a great deal of trust, which they credit to their constant commitment to maintaining outstanding customer relations, selling quality products, and delivering products directly to our customers.
