As an innovative React Native app developer, I specialize in creating captivating mobile experiences through intuitive user interfaces and a commitment to high-quality applications. Let's create remarkable apps together that inspire and engage users across platforms.

Professional Experience

Sunita's Makerspace

12/22 - present

React Developer

I am currently employed at Sunita's Makerspace company as a React developer. My primary responsibility involves developing Sunita's Makerspace application and the SM Quiz application from start to finish.

- Created Android and iOS apps for educators and learners
- Skilled in utilizing WordPress and React JS to design websites
- Assisted in developing Quizeria with React JS technology

Sridix Technology

02/22 - 11/22

React-native Developer

Managed application development projects from start to completion, including planning, design, and development.

- Contributed to development of "Ishita House" & "StockMate" apps at Sridix Technology
- Developed offline React Native & SQLite apps, including local database integration
- Contributed to development of Ned Mart delivery & partner app

Education

Dr.D.Y. Patil collage of engineering
