SUMMARY

As a recent graduate in Software Engineering(Computer Science), I bring a solid foundation in programming fundamentals and a passion for innovative problem-solving. Proficient in languages like Java, SQL and JavaScript. I am eager to apply my knowledge and adaptability to contribute effectively as a Software Engineer. Proactive in learning new technologies and methodologies, coupled with a collaborative mindset, I aim to leverage my skills to drive solutions, contribute to team success, and further develop my expertise in a dynamic professional environment

SKILLS

- **Java**
 - Good knowledge of OOPs concept .
 - Good Knowledge of Constructor , Interface
 - Array , Collection and many more concepts
- **SQL / MySQL**
 - Excellent in performing CRUD Operations
 - Knowledge of statements(DDL, DML, TCL , DCL,DQL), Normalization,Joins, Sub-Queries
 - And many more concepts...
- **HTML || CSS || JavaScript**
 - Proficient in semantic HTML5 markup for responsive and accessible web design.
 - Good knowledge in CSS3 styling, and responsive web development
 - Good in core JavaScript, DOM manipulation, ES6+features for dynamic web applications.
- **Non-Technical**
 - Collaborative , Cooperative , Contributive
 - Adaptability , able to work in a team .
 - Good Problem solving skills .

EDUCATION

2019-2023	IES COLLEGE OF TECHNOLOGY , BHOPAL Bachelor of Technology in CSE	CGPA 8.01
2018-2019	VANDANA CONVENT SCHOOL , GUNA Intermediate	Percentage :62.4
2016-2017	VANDANA CONVENT SCHOOL , GUNA High-School	CGPA 7.0

TECHNICAL PROFICIENCY

- 08/2023 – present **JSPIDER**
- I Have undergone Java Full Stack Developer Training (SDE) in Jspiders .

PROJECTS

Internship Finder – Bot

– Created an Automation Bot using UI-Path to scrap and extract the data from different websites like InternShala , LetsIntern , LinkedIn , and give best Internship opportunity to students

Unit Converter App

– Created an Unit Converter App just to practise which can convert some units like KG's into Pounds , KM into Miles , and many more .

Student Grade Tracker

– Contribute to *open Source Project* for junior students to input and calculate their grades. Java can handle the grading logic, and the front end can be designed with HTML, CSS, and simple JavaScript to get the user input .

CERTIFICATES

HACKERRANK

- Ranked 3 Star in Java
- Ranked 3 Star in SQL

WEST-ZONE NATIONAL FOOTBALL TOURNAMENT.

- Represented my University in West Zone National Tournament in Football twice in Jaipur and Jabalpur and ranked in Top-16 in 80+ teams .

BOTATHON 2.0

- Went to JECRC University, Jaipur and represent our college by creating a Bot using UI-Path .

EXTRA CURRICULAR

- President - Sports Club at IES Group Of Institution .
 - Played National Football Tournament and represent my University .
 - Co-Ordinate Placement Day for around 200+ Seniors .
-
