👤 PROFILE

Passionate and driven developer eager to embark on a dynamic career journey. Armed with a strong foundation in coding and problem-solving, I bring a fresh perspective and a hunger for learning. Committed to crafting efficient, user-centric solutions, I'm excited to contribute to innovative projects and grow within a dynamic team.

🧠 SKILLS

Programming Language

Java, C#, C++

Front-end Development

HTML, CSS, Bootstrap, React.js

Back-End Development

Spring Boot, .NET Core, .net MVC

Software Development

Methodologies

Project development, Git

Database

SQL Server, MySQL

📁 PROJECTS

Waste Food Recovery Initiative

Technologies Used: JAVA, Spring Boot, React, MySQL

SDLC Model Name:-Waterfall

Description: The WFRI system works as web application

which intended to provide complete solution for society welfare facilities and food waste management from end to end stage.

Bus Registration Booking System

I designed and implemented a bus registration booking system using C# and the .NET MVC framework. This system allows users to register for bus trips, select their preferred routes and travel dates, and make reservations with a user-friendly interface. It incorporates essential features such as user authentication, real-time seat availability updates, and secure payment processing. The system provides a seamless experience for both passengers and administrators, enhancing the efficiency of bus booking and management.

🎓 EDUCATION

03/2023 – 08/2023
Patna, India

Post Graduation Diploma In Advanced Computing
CDAC Acts Patna

2016 – 2022
Pune, India

Bachelor Of Engineering
Bhivrabai Sawant College Of Engineering

2016 – 2018
Pune, India

Higher Secondary Education
Sinhgad College Of Science
