SKILLS

java
SQL
core java
Hibernate
OOPS
HTML, CSS, JavaScript
Python

EDUCATION

B.tech -Computer Science and Engineering

APJ Abdul Kalam Technological University

2019-2023

CGPA-7.3

LANGUAGES

English
Kannada
Malayalam
Hindi

CERTIFICATES

Programming in python
@G-TEC COMPUTER EDUCATION
Certificate No:336589

PROFILE

Motivated and dedicated Java Developer with a Strong foundation in programming principles. Skilled in java, SQL, python, JavaScript.
Passionate about creating efficient and reliable applications.
Strong problem-solving and teamwork abilities. Eager to contribute to software development projects.

PROJECTS

LAND USE LAND COVER USING GIS

Experienced in Land Use Land Cover (LULC) analysis using GIS, employing spatial data analysis and remote sensing techniques to classify and map different land use and land cover categories. Skilled in preprocessing geospatial data and utilizing GIS tools for informed decision-making in urban planning, environmental management, and disaster response.

Flavour Projects- An AI integrated automated chef.

Experienced in AI-integrated automated cooking machines, particularly the Flavour Box. Proficient in utilizing its AI-powered recipe library, ingredient recognition, and flavor infusion technology to deliver convenient and flavorful meals.

Helmet Detection Using Machine Learning.

Experienced in helmet detection using machine learning, employing computer vision and deep learning techniques to identify individuals wearing helmets in images or videos.

ACHIVEMENTS

- YOUNG INNOVATORS PROGRAM WINNER 2023
- Community lead of College Innovation and entrepreneurship Development Cell.
- Leading the project team in IDEA FEST, organized by KSUM.
- Leading the project team in 11th CSI InApp International Student Project Awards in 2022.

ANJANA

COMPUTER SCIENCE GRADUATE

DEAR HIRING MANAGER,

I am writing to express my strong interest in the software development position as advertised. As a recent graduate with a Bachelor's degree in Computer Science and Engineering, and currently enrolled in a Java Full Stack course at Jspiders Bengaluru, I am confident in my ability to contribute effectively to your team.

I graduated in 2023 with a bachelor's degree in computer science and engineering from APJ Abdul Kalam Technological University, achieving an overall CGPA of 7.3. My academic background has equipped me with a solid foundation in programming languages, algorithms, and software development principles. Additionally, I have been honing my practical skills through the Java Full Stack course at Jspiders Bengaluru, where I am gaining hands-on experience in Java, Spring, Hibernate, HTML, CSS, and JavaScript.

During my academic journey and the ongoing Java, python, I have completed several projects that showcase my ability to analyse problems, design efficient solutions, and implement them with a focus on code quality and maintainability. My passion for software development, coupled with my dedication to staying updated with industry trends, makes me a suitable candidate for the software development position.

My strong analytical and problem-solving skills, combined with my enthusiasm for learning and adapting to new technologies, make me confident in my ability to make meaningful contributions to your team. I am excited about the prospect of joining and contributing to the development of cutting-edge software solutions.

SINCERELY,

ANJANA
