## EXPERIENCE

### **Bharti Soft Tech Pvt Ltd**

July 2023 – Present

As a Laravel Developer, I specialize in bug fixes and optimization within finance modules, specifically focusing on loans and limit-related functionalities. I actively contribute to the security aspect of our software, open source tools like Burp Suite to identify and address vulnerabilities, ensuring the robustness and integrity of our applications. My role demands expertise in Laravel development, thorough troubleshooting skills, and a keen eye for security practices, making me instrumental in maintaining the reliability and security of our software.

### **Bhasker Enterprises**

August 2019 – March 2023

I am an experienced software developer with a proven track record of building complex software solutions from scratch using Laravel PHP and AngularJS. As a backend developer at Bhasker Enterprises, I have taken full responsibility for the backend code and have successfully delivered projects in various industries. Throughout my journey, I have worked on a diverse range of modules, including but not limited to Quiz, Survey, Complex Reports, Booking, Project Settings, Payment, and SMS. My expertise in handling these modules has allowed me to seamlessly integrate them into software solutions, generating Excel and PDF reports, and creating snap views. I am also proficient in using AngularJS to develop and maintain complex front-end applications, delivering an intuitive user interface and seamless user experience. I have extensive experience in SQL databases and am proficient in creating and managing complex database structures, including designing efficient database schemas, writing optimized SQL queries, and creating custom data migration scripts. I pride myself on my ability to work on any complex module, ensuring that the software solution is scalable and meets the client's requirements.

In addition to my development work, I have also taken on the responsibility of training new interns at Bhasker Enterprises. As a trainee of new interns, I have gained valuable insights into the latest technologies and best practices in this field. I have also honed my communication and leadership skills, which have enabled me to mentor new interns effectively. I am passionate about sharing my knowledge and experiences with others and helping them to develop their skills. With my expertise in development and training, I am confident that I can contribute positively to any software development team.

## SKILLS

HTML (Advanced)

CSS (Advanced)

Bootstrap (Advanced)

TailWind (Beginner)

LARAVEL (Advanced)

ANGULAR JS (Intermediate)

SQL(Intermediate)

React Js (Beginner)

Jquery (Intermediate)

Javascript (Intermediate)

API Integrations

## TOOLS KNOWLEDGE

Jira Software

Source Tree

Trello Boards

MySQL Workbench

Burp Suite Community Edition

## LANGUAGES

English, Hindi, and Gujarati

## INTERNSHIP

### Global BizConnect Virtual

Jan 2019 - July 2019

Interned as a front-end developer, gaining proficiency in HTML, CSS, and Bootstrap while contributing to the development of various web projects under the guidance of senior developers. Contributed to the design and implementation of responsive and accessible web interfaces that met client requirements. Demonstrated effective collaboration and communication skills while working closely with team members to identify and resolve issues.

### .NET Development

During my internship at .net Xpert Web Solutions from June 2018 to June 2018, I received extensive training in a wide range of technologies such as .NET, PHP, MySQL, Bootstrap, ASP.NET MVC, SEO, and IoT. During this time, I had the opportunity to work on various web development projects and contribute to their design, development, and deployment. Additionally, I actively sought out opportunities to expand my knowledge by studying and researching related technologies. Through this experience, I developed a strong understanding of software development principles and gained valuable experience working in a team environment. Overall, my time at .net Xpert Web Solutions provided me with a solid foundation to build upon as I continue to grow and develop as a software developer.

## EDUCATION

### Bachelor of Technology- Computer Science & Engineering

2015-2019

Parul University

CGPA:- 6.70 / 10

## **Senior Secondary XII(Science)**

Year Of Completion -2015

Tapovan Science School(GHSEB Board)

Percentage:- 52.00 %

## **Secondary X**

Year Of Completion -2013

Aadarsh School

Percentage:- 84%

## **PROJECTS**

### **Water quality analysis and monitoring**

During my college studies, I played a critical role in an IoT-based water monitoring project, focusing on designing and implementing the user interface and displaying the calculated data on the website. Working closely with the project team, I ensured the user interface was intuitive and responsive while delivering accurate and real-time data. Through my contributions to this project, I gained valuable experience in front-end development, user interface design, and data visualization.
