PROJECTS

Portfolio Management Website

This project offers a platform to input information, achievements, and certificates. It utilizes HTML, CSS, JavaScript, Bootstrap, and various tools such as GUI, VS Code, and Adobe Photoshop.

Smart Voice Assistant for Desktop

Develop a personalized virtual assistant using cutting-edge technology based on gTTS and the Python API.

Email Validator

Developed an Email Validator using HTML, CSS, and JavaScript. Improved data accuracy with real-time feedback and responsive design. Demonstrated strong front-end skills.

CERTIFICATES

Certificate in Technical & Soft Skill Upskilling Program at Baderia Global Institute of Engineering and Management College from Frable Foundation, Mumbai

Certificate in C & C++ Language with Data Structures from Ideal Management Group.

Certificate in Cloud Foundation from Great Learning Academy.

Certificate in Jabalpur Nodal Inter College Chess Tournament from RGPV.
