SUMMARY

Passionate UI/UX designer with 6 months of hands-on experience. Proficient in UI design, user research, wireframing, prototyping, and creating style guides using tools like Photoshop, Adobe XD, and Figma. Adept at translating user needs into visually appealing and intuitive interfaces. Demonstrated ability to collaborate effectively with cross-functional teams to deliver successful design solutions. Excels in employing various UI/UX methodologies and tools to enhance the overall user experience. Ready to contribute creativity and skills to a dynamic design team.

EXPERIENCE

WEB -UI/UX INTERN

TCA Technologies, Gurugram

jan-june-2023

During my internship, I actively participated in web design and mobile app design projects, contributing to the creation of user-friendly products. My primary tools were Figma, Photoshop, and Adobe XD, where I honed my skills in UI and UX design. This hands-on experience allowed me to gain valuable insights into crafting effective and visually appealing interfaces, enhancing my overall knowledge in the field of UI/UX design.
