Bindiya Virani

Front-End-Developer

Front-End developer with professional project-based working in React JS, HTML, CSS, Bootstrap & JavaScript. Capable to design and develop React JS applications that integrate with APIs, visually appealing and user-friendly websites and web applications. To make optimum use of my strength and capabilities to work in a creative and challenging environment with diligence, where my formal education and knowledge will always be utilized in different areas, hence aiding to the growth of organization.
