WORK EXPERIENCE

Custom Software Engineering Associate
Accenture

02/2022 - 01/2023   *Gurugram, Haryana*

Achievements/Tasks

- Developed, and maintained web applications using C#, ASP.NET, and SQL Server.
- Collaborated closely with the development team to deliver software applications on time, meeting business requirements.
- Designed, built, tested, assembled, supported, and configured applications based on business requirements.
- Consistently delivered code on time and met quality expectations, actively participating in peer reviews.
- Collaborated in challenging and dynamic environments to create and support technology solutions from analysis to implementation.

EDUCATION

Bachelor of Technology
Bansal Institute of Engineering And Technology

2017 - 2021   *Lucknow, Uttar Pradesh*

Electrical Engineering
- Percentage: 71%

Intermediate
Kalind Inter College

2016 - 2017   *Deoria, Uttar Pradesh*

Science
- Percentage: 67%

High School
Saraswati Gyan Mandir Inter College

2014 - 2015   *Kushinagar, Uttar Pradesh*

Science
- Percentage: 81%

SKILLS

C#   ASP.NET Core   Microsoft SQL Server   PostgreSQL   Entity Framework   LINQ   RESTful APIs   Git   Microsoft Azure   HTML   JavaScript   Visual Studio

WORK PROJECTS

Abacus Recruitment (08/2022 - 01/2023)
- Technology Used: **.NET Core, Onion Architecture, Microservices, PostgreSQL, Azure DevOps.**
- Developed a dynamic recruitment website for Accenture using .NET Core and Onion Architecture as software architectural pattern.
- Implemented Microservices architecture, enhancing maintainability and flexibility with independently deployable components.
- Utilized PostgreSQL as the database management system, ensuring efficient data storage and streamlined management of user data.
- Managed code repositories and team collaboration using Azure DevOps, a cloud-based platform for efficient development and deployment.

Adani One (05/2022 - 08/2022)
- Technology Used: **Sitecore.**
- Developed an E-Commerce website for Adani Digital Labs using Sitecore, providing a user-friendly and responsive experience.
- Collaborated on-site, cultivating stronger teamwork and communication with the client's team, enhancing overall project effectiveness.
- Oversaw content creation, editing, and publishing on the Sitecore platform, ensuring accuracy and top-notch quality.
- Demonstrated adaptability to the client's work culture, showcasing potential for travel and relocation if required.
