Education

B.Tech Instrumentation Engineering
Government College of engineering Jalgaon   *8.73*
07/2022 - Passed

Diploma in Medical Electronics
Goverment Polytechnic Miraj, Sangli   *80.13%*
07/2019- Passed

10th Maharashtra SSC Board New
English School, Sangli   *81.60%*
06/2016 - Passed

Curriculum Projects

IIOT Based Temperature, Humidity And Air Monitoring System
- IOT Based Temperature, Humidity, and Air Monitoring System.
- It Includes Arduino Uno DHT11 Sensor, Node MCU Hardware Connected to the Open Source Cloud Platform.
- Monitoring and Storing the Real Time Data through Environmental Parameter

Face Detection Door Lock System.
- By using ESP32 Web Cam and Relay module.
- To Recognize the Faces with ESP32-CAM, We Enroll the Faces.
- This Project is For Security Purpose.

Smart Helmet
- By using Microcontroller 8051 and MQ9 sensor.
- It Detects Drunk and Smoke Rider.
- This Project is For Bike Riders Safety

Work Experience

-3/2023

Fetching news data sing Web Scrapping
Using Python Programming BeautifulSoup and Pandas DataFrame.

-4/2023 ongoing

Backorder Predication
The classical machine learning tasks like Data Exploration, Data Cleaning, Feature Engineering, Model Building and Model Testing.

Skills

Python – Pandas, Numpy   Big Data (Hadoop)

- Machine Learning
- SQL
- Mathematics and Statistics
- EDA
- HTML
- API

Hands on Experience in C, C++, PYTHON

PowerBI   Microsoft Office   Microsoft Azure

Achievements
- Full Stack Data Science Certification by INEURON.
- HADOOP Developer Professional Certificate by IBM.
- Winner in Inter College Quiz Competition.
- Runner Up in Treasure Hunt Competition At State Level.
