Skills

Html | Css | JavaScript | ES6 | React | Redux | Bootstrap | Firebase | Git | GitHub | Material UI

Work Experience : 1+ Year Hands-on experience in React JS   **Remote**

DigiSkill | Trainee, Mentor, Frontend Developer, Intern   **Oct'22 - Oct'23**
- Completed a comprehensive 1-year trainee program in **Frontend Development**, gaining proficiency in modern web technologies.
- Independently developed and maintained projects using the aforementioned tech stack, demonstrating problem-solving skills and attention to detail.
- Assisted in **mentoring** a fellow trainee, offering guidance and support in their **learning** journey.
- Actively participated in code reviews and provided **constructive** feedback to enhance code quality and maintainability.
- Collaborated with cross-functional teams to deliver **high-quality**, user-centric **web applications.**
- Consistently met project **deadlines** while maintaining a high standard of code **quality.**

Projects

Crown Clothing   :   Live | GitHub   **June'23**
Innovative React.js E-commerce: secure login, elegant routing, dynamic categories for seamless shopping
- Leveraged **React JS** and **Firebase** to create an intuitive e-commerce site.
- **Achieved** user-friendly **navigation** across five main categories for seamless shopping.
- Implemented secure user **authentication**, enhancing login and signup processes.
- Developed key features, including a **dynamic** shopping cart and wishlist for improved user satisfaction.
- **Demonstrated** expertise in crafting user-centric e-commerce solutions, addressing critical business challenges.

Crud Application : Live | GitHub   **July'3**
Built Bootstrap-enhanced CRUD app with mock API for Create, Update, Delete Operations
- Created a responsive **CRUD** app with Bootstrap, allowing seamless data **management** and manipulation.
- Executed robust Create, Update, and Delete operations for comprehensive data control.
- Applied a mock API for reliable testing by simulating data storage and interactions.

Ticket Booking App : Live | GitHub
React movie booking app with intuitive selection, showtimes, theaters, seats, and easy payment method
- Users can easily browse and choose from a wide range of movies available, enhancing their movie-going experience using **bootstrap** for responsive user experience and **Redux** for state management
- The app provides a hassle-free way for users to pick showtimes that align with their schedule, ensuring flexibility.
- Intuitive seat selection is complemented by real-time total amount calculation, making the booking process transparent and **user-friendly.**
- StreamlineCinema presents users with various theatre choices, enabling them to select their preferred movie-watching environment.

Certifications

DigiSkill Trainee Achievement   **View**

Education

DR. Babasaheb Ambedkar Marathwada University Aurangabad   **2019 - 2022**
- Bsc (PCM) | Nagad

Rashtriya Vidyalaya Junior College Chalisgaon   **2016 - 2018**
- HSC | Percentage : 62%

Dr. Kakasaheb Purnpatre Madhyamik Vidyalay Chalisagaon   **2016 - 2018**
- SSC | Percentage : 82%

Academic and Extracurricular Achievements

- Mentored & Guided students through virtually
- Won **1st** Prize in 100 Metres race

Hobbies

Swimming | Coding | Programming | **Problem Solving**
