Technical Skills

Data Structures and Algorithms
Problem solving
C++
JavaScript
Java
Python
MERN Stack
HTML + Css
React.Js
MongoDB
Node.Js
Web Development
Git + Github

Soft Skills

Communication
Leadership
Email Etiquettes
MS Office

Summary

I am a coding enthusiast with strong knowledge of core CS subjects, **Data Structure and Algorithms**, **OS, DBMS, OOPS** concepts, Cryptography, TOC, Skilled in **JavaScript, C++ and java** also having extensive experience in Fullstack development, REACT.JS, NODE.JS and MONGODB.

Education

Parul Institute of Engineering and Technology, Vadodara
2O19 - 2023
B.Tech-Computer science and engineering
CGPA: 8.1

KDAV, Jamnagar
2019
12th-Science(PCM)
Percentage: 76%

KDAV, Jamnagar
2017
10th(SSC)
CGPA: 7.8

Projects

Car rental website
It is a full stack application that contains responsive, smooth and appealing UI. I have integrated Bing Maps APIs(autosuggest and distance matrix api) for location related services.

Chatting Application
Its a multiuser chatting application that lets users chat with oneanother in realtime. Its built with Node.js and socket.io library.

iNotebook
iNotebook app is a full MERN stack application that enables user to store notes in securely in cloud and can access anywhere, anytime via any device.

Miwok App
It is an android based application that enables user to learn basic Miwok language. It is built in Java and XML using Android Studio framework.

Achievements

participated in Vadodara Hackathon 2.O as a **team leader** and qualified till semi-final round.
5-star(GOLD) coder in problem solving badge on Hackerrank.
