SUMMARY

As a dedicated and skilled Salesforce professional, I have gained valuable experience at Deloitte-USI, where I received comprehensive training in Salesforce. During this I have also pursued continuous growth and professional development, obtaining the Salesforce Platform Developer I (PD1) certification. Throughout my tenure, I successfully applied my knowledge and expertise to contribute effectively to client projects, taking on the role of a Salesforce Administrator for a prominent client. Also, I have done some self-projects using mern stack which includes Airbnb Clone, meme generator
