Resume Highlights

To work in a technologically developed organization where each day provides a new opportunity to learn, and learning is an unending process. I want to seek a challenging career in an organization where I get to prove and improve my technical skills.

I have acquired a comprehensive grasp on various AWS Cloud Practitioner like Cloud Foundations Networking, Security, Databases, Servers and Linux and Programming languages like Java, HTML and Css.

My primary intent is to effectively utilize my programming and creative abilities towards achieving the company's objectives. I am a fast learner, dedicated & highly motivated to accept challenges and pursue perfection in my work. I wish to use my skills to contribute to the growth & success of the organization, which in turn would lead to continued encouragement of my professional growth.
