Personal Details

Birth Date: 2000-06-01
Industry: Software Development

Work Experience

Flutter Developer
Upwork - Remote
August 2023 to Present

Working as a seasoned Flutter developer with a strong track record on Upwork, specializing in creating cross-platform mobile applications. With extensive experience in designing and implementing user-friendly, feature-rich apps. My expertise spans UI/UX design, Firebase integration, Google Cloud APIs and REST API connections, ensuring seamless and responsive mobile experiences.

Software Developer
Logistic infotech Pvt. Ltd. - Rajkot, Gujarat
February 2022 to April 2023

I've had the opportunity to work on several exciting projects that have allowed me to grow and expand my skillset. In addition to my expertise in Android, iOS, Flutter, and React Native, I have also learned UI/UX designing, notification systems, and integration with various third-party services, such as Firebase, AWS, OneSignal, and Agora.
