🎓 EDUCATION

B.P.H.E. Society Ahmednagar College (2020 - 2022), Master of Computer Science,   (83.55%)

B.P.H.E. Society Ahmednagar College (2016 - 2019), Bachelor of Computer Science (71.16%)

💼 PROFESSIONAL EXPERIENCE

PHYED, Web Development Intern
May 2023 – present
- Developing web pages using HTML, CSS, Bootstrap, and React.JS to enhance function clarity and user experience on web pages.
- I am working with version control systems, such as Git, to manage code changes and collaborate effectively with the team.
- Implementing new features and enhancements that improved the overall functionality and user experience of web applications.
- Acquiring hands-on experience with modern web development frameworks and tools, expanding my technical skillset.

Cerebro Team- Online Financial Literacy, QA Intern (Remote)
February 2022 – June 2022
- Assisted the testing team in creating test plans, test cases, and test scripts for web and mobile applications.
- Executed manual and automated tests, identifying and documenting defects for timely resolution.
- Participated in daily stand-up meetings, providing status updates and actively contributing to problem-solving discussions.
- Assisted in the creation and maintenance of technical documentation and user manuals.

Cognizant, Graduate Trainee
March 2022 – May 2022
- Actively participated in training sessions and workshops to enhance technical skills.
- Assisted in providing technical support and resolving IT-related issues for end-users through various channels such as phone, email, and ticketing systems.
- Developed strong communication and interpersonal skills to effectively interact with users at different technical levels, providing clear and concise instructions and explanations.
- Resolved problems, improved operations, and provided exceptional service.
