About Me

My passion lies in creating delightful, meaningful, and user-friendly interfaces that enhance the user experience. With logical power in technologies that enable me to easily design and think in terms of UX and UI design. I create seamless UX/UI design for seamless digital experiences, specializing in product design, graphic design, app design, and web design.

Experience

Techtical Solution • 📅 04/2023 - Current
UI/UX Designer

- Created wireframes, UI designs, prototypes, and mock-ups using Figma to convey design concepts.
- Collaborated closely with stakeholders to incorporate feedback and refine designs.
- Maintained brand consistency and UI standards across all projects.

Vishvambhari Infotech • 📅 10/2022 - 03/2023
UI/UX Designer

- Produced eye-catching visuals and graphics for product apps.
- Creating impactful designs was achieved through the use of Adobe Photoshop, Adobe Illustrator, and Figma.

Elision Infotech • 📅 02/2022 - 01/2023
Flutter Developer

- With a year of Flutter development experience, I specialize in creating cross-platform solutions for Android, iOS, and web applications, delivering seamless experiences across multiple platforms and driving innovative projects.

Education

Tapovan Vidyalaya • 📅 06/2018
SSC Board 93.01%

UKA Tarsidia University • 📅 07/2021
Information Technology 8.26 CGPA
