ABOUT ME

I am an aspiring Full stack developer. I am passionately learning Python. I have good practical knowledge of Java, HTML5, CSS and Java Script. I have theoretical exposure to C.

SKILLS

- Confident in Java, HTML5, CSS and Java Script
- Very Good knowledge in Python, SQL and C
- Good at researching and learning and also managing time
- Good experience in working with tools: VS Code, GitHub, Eclipse

PROJECTS

Movie Ticket Booking System

- Developed a web-based Movie Ticket Booking System to simplify ticket reservations and enhance the booking experience.
- Created an intuitive and user-friendly interface for customers to browse movies, theaters, and showtimes.
- Designed a responsive web application accessible on various devices for a seamless user experience using Bootstrap.
- Utilized HTML, CSS, JavaScript, Java Server Pages (JSP), Bootstrap and MySQL for both front-end and back-end development.
