PROFESSIONAL EXPERIENCE

work-Experience

Bridgeon solutions | 2023- current

- Assist in building web applications using React.js and Redux.
- Learn from experienced developers to enhance skills and contribute to the development process.
- Work with the latest Front-end technologies.
- Possess sound knowledge of various UI frameworks.
- Conduct research into new technologies for potential integration into ongoing projects.
- Participate in daily stand-up meetings with project teams to discuss progress updates.
-

Project Experience

e-commerce website :-   (https://e-commerce-peach-pi.vercel.app/)

- Developed a responsive food delivery website named "Crunchick" utilizing React, Tailwind CSS, Daisy UI, Mui, and Bootstrap over a one-month period.
- Implemented responsive design for both desktop and mobile platforms.
- Integrated Google Authentication to enhance security measures.
- Successfully employed protected routing mechanisms to ensure secure navigation within the website.
- Employed a variety of front-end technologies for a sleek and user-friendly interface.
- Advanced features like Protected Routing Mechanism and Google Authentication were implemented, significantly enhancing the site's security and usability.
-

Bridgeon Intern Tool :- (https://github.com/murthasaali/Bridheon_intern_tool.git)

- **Description:** Designed and developed a comprehensive interns management tool, "Bridgeon Interns," enabling seamless addition, updating, and blocking of intern details within Bridgeon Solutions. The platform facilitated intern project showcases, allowing for user reviews and feedback.
- **Technologies Used:**
  - **Frontend:** React, Zustand, Redux
  - **Backend:** Express
  - **Database:** MongoDB
- **Key Features and Contributions:**
  - **Frontend Development:**
    - Leveraged React, Zustand, and Redux to create a dynamic user interface, ensuring efficient data management for intern details and project displays.
    - Integrated features for adding, updating, and blocking intern profiles, augmenting the tool's usability and administrative functionalities.
  - **Backend Development:**
    - Implemented an Express-based API for seamless communication between the frontend and MongoDB database.
    - Managed intern details within MongoDB, ensuring streamlined data storage and retrieval.
  - **Intern Project Showcase:**
    - Developed a platform facilitating the showcase of intern projects, allowing for user reviews and feedback on displayed projects.

EDUCATION

CALICUT UNIVERSITY

B.com computer Application
2018 — 2022

HEIGHER SECONDERY

COMPUTER COMMERCE
2016-2018

SOFT SKILLS

- Exceptional communication and interpersonal skills
- Ability to work independently and as part of a team
- Detail-oriented and able to handle multiple tasks simultaneously
- Experience in leadership in senior level
- Problem solving skill

TECHNICAL SKILLS

Programming languages:-
HTML-5,CSS,Javascript,TypeScript

Libraries:-
React,Redux,Zustand,ReactNative

Frameworks & Tools :-

- Next.js
- Daisy ui
- Meterial ui
- Figma
- Bootsrtap
- Tialwind css

Frameworks & Tools :-

- React
-

Languages :-

- English
- Malayalam
- Arabic
- Hindi
- Tamil
