May 2023 - Oct 2023
Sassy Infotech PVT LTD
Web Developer | Laravel Developer

- I'm a Laravel developer with a strong passion for web development and a diverse skill set. My goal is to deliver high-quality solutions that meet the needs of every project.
- I'm proficient in a wide range of technologies, including HTML, CSS, jQuery, JavaScript, Bootstrap, PHP, and Laravel. These skills allow me to create dynamic, responsive, and feature-rich web applications. I take pride in writing clean and efficient code to ensure that applications run smoothly and are easy to maintain.
- One of my specialties is integrating third-party APIs, such as Facebook, Instagram, Twitter, and ChatGPT, into web applications. These integrations have enabled me to enhance the functionality and expand the reach of web projects, especially through social media and collaboration tools.
- I've also successfully integrated Shopify into Laravel applications, streamlining e-commerce operations for businesses. Furthermore, I've implemented Google Analytics Webhooks to provide real-time insights, aiding data-driven decision-making and improving the overall user experience.
- In addition, I've worked on integrating Stripe discount coupons, making payment options more cost-effective and user-friendly in web applications.
- I'm dedicated to staying up-to-date with the latest technologies and am always ready to take on new challenges. My experience, passion, and adaptability make me a valuable asset to any team or project. I'm excited about contributing to the success of dynamic web applications and pushing the boundaries of what can be achieved in the digital world.
