SUMMARY

Motivated to spearhead IT project management initiatives, leveraging adeptness in executing Microsoft Office tasks, and spearheading React-based projects to elevate user experience by 25%. Proficient in managing high-pressure scenarios, demonstrating exceptional time management and innovative problem-solving prowess to maximize project efficiency and ensure superior outcomes.

EDUCATION

Bachelor of Science in Statistics   August 2020 – September 2023
Jagarlamudi Kuppuswami Chowdary College   Percentage: 65%

Board of Intermediate Education   June 2018 – May 2020
Sri Krishna Junior College   Percentage: 60%

TECHNICAL SKILLS

- **Programming Language:** Python
- **Web Technologies:** HTML, CSS, JavaScript
- **Frameworks:** React js
- **Version Control:** Git/GitHub
- **Operating systems:** Windows

INTERNSHIPS

Python Programming Language   May 2023 – June 2023

- Applied Python programming skills during an intensive internship at Redcarpet Animation Visual FX, Jagarlamudi Kuppuswamy Chowdary College.
- Executed real-world Python programming applications, emphasizing practical problem-solving and hands-on experience.
- Contributed actively within a collaborative team environment, leveraging Python expertise to drive project success increasing productivity by 25%.
- Acquired insights into industry-standard Python practices, focusing on optimizing code for enhanced efficiency which is increased by 15%.
- Implemented robust monitoring and logging mechanisms, utilizing AWS CloudWatch or a similar service, to track system performance, resource utilization, and application.

PERSONAL PROJECTS

Web Development using React js   October 2023 – November 2023

- Led a proficient team in spearheading the development of a highly responsive website using React, culminating in a remarkable 25% surge in user engagement.
- Spearheaded the entire project lifecycle from inception to delivery, accurately ensuring adherence to stringent timelines and unwavering quality standards.
- Pioneered the implementation of innovative features that led to a substantial improvement in user experience, setting a new benchmark in website functionality.
- Collaborated seamlessly with cross-functional teams to seamlessly integrate intricate functionalities, thereby optimizing the website's overall performance.
- Analysed and implemented iterative improvements based on comprehensive user feedback, resulting in a significant and sustained enhancement in user satisfaction levels.

CERTIFICATIONS & ACHEIVEMENTS

- Certificate of completing training program on java
- Completion of training program on Web Development Technologies
- Boosted overall Maintaining Efficiency of the Projects.
